

CREDENTIAL EVALUATION

Credential Evaluation services are provided by independent organizations in US, for the evaluation of the US equivalents of foreign education and work credentials. It helps the universities in USA to know the GPA and number of credits completed by the student in their home country.

Credential Evaluation is normally required by:

- Few universities
- Specific departments in the university
- Student having incomplete degree or certificate in their home country
- Student applying for courses like: Pharmacy, Physical Therapy, Health related, etc
- Student transferring from Foreign University to US university

Fees for the evaluation of US education credentials services normally range from \$100 - \$300 approx depending on the amount of detail required, speed of response and services opted for some companies will also translate the documents. The student is responsible for paying for the credential evaluation directly.
